## FENG SHUI SPA

I'm honored to work with you. I consult for many high profile clients on a yearly basis in helping them become the very best they can be in all realms of their existence without delay bestowing divine clarity of the forecasted paths throughout their lives. The Questionnaire below will be helpful for both of us prior to sending my contract allowing me to underline key features within the commentary of your life which are imperative to you.

There is nothing you need to do to prepare yourself, I need to know you as you are along with any notable attributes as is typically the best way for me to assist you.

I will need a complete floor plan of your home(s) and your business(s), noting the rooms in your home and their uses (i.e. your bedroom, kitchen, workout room, library etc.) along with basement/attic areas. I will also need to know where any power lines are buried (or above) directly on your property and where the waterline runs. Also note all auspicious areas within your landscape (i.e. pools, waterfall, pond features, mountains etc.) and the exact compass reading as you look out your front door facing the street (this needs to be exact, i.e. 32°NE etc) from all locations being considered.

Please note All transmissions are held in strict confidence as noted in the Practitioner/Consultant code of ethics.
